

APHF: Trusted Fiscal Host, Fund Manager and Facilitator for African Public Health

The Africa Public Health Foundation (APHF) is your trusted gateway to strengthening health systems across the African continent. Founded in 2019 and operational since April 2020, APHF has emerged as a vital ally in advancing Africa's public health, starting with our rapid responses during the COVID-19 pandemic, supporting the Africa Centres for Disease Control and Prevention (Africa CDC).

Why Choose APHF?

Mission-Driven

Exist to advance public health priorities across Africa with proven impact and regional insight.

Proven Track Record

Over US\$55 million mobilized, and US\$40 million in grants managed, with a reputation for transparency, reliability and financial stewardship.

Comprehensive Support

We provide full administrative infrastructure—ensuring agility, flexibility, and transparency—so you can focus on impact, not compliance.

Strong Alliances

Deep connections to philanthropic and private funders, Africa CDC, AUDA-NEPAD, and the African Medicines Agency for maximum reach.

Who We Are

Established to mobilize resources and forge partnerships for Africa's public health priorities in alignment with the African Union's New Public Health Order, we are respected locally and internationally for our robust grant management and financial stewardship. We serve as a neutral facilitator, not a direct implementer, simplifying pathways for philanthropic and private sector investment.

Africa-Based

Registered non-profit with 501(c)(3) equivalent status, providing trusted fiscal hosting services.

Global Partnerships

Managing grants across 17+ countries from 10+ partners including the Gates Foundation and Mastercard Foundation.

Lean & Dynamic

Efficient team handling all functions in-house with agility and expertise.

Our Services

01

Fiscal Host

We manage the financial, administrative, compliance, and operational aspects of a project, offering partners a seamless conduit to support African health initiatives. As fiscal host, we allow donors to move their funds at pace, with credibility and with the reassurance that monies are being safely held.

02

Fund Manager

We manage and leverage funds, guaranteeing sound financial oversight and keeping track of project milestones. This includes managing 'pooled funds', which allow multiple donors to contribute to the same cause and maximize their collective impact. Our team constantly monitors the funds and performance to ensure project success.

03

Facilitator and Convenor

We act as a neutral entity fostering dialogue between the private sector and African regulatory bodies to move them towards fruitful collaboration. Together, we are designing tailored products and forums, including exclusive roundtable events and closed-door meetings, to meet the specific needs of both parties. This platform is growing, and we are actively seeking additional partners.

04

Hands-on Support for Public Health Gatherings

We are quickly gaining a reputation as highly effective in planning and organizing various public health meetings, fora, workshops and training sessions. Support can include travel and accommodation bookings and logistics.

Transparent and Flexible Management Fees

- Our fee is up to 15% of the total project funds, tailored according to project size and complexity. One-off establishment fees may apply for particularly complex projects. For larger-scale partnerships, reduced management fees may be available.

Partner with Us

Choose APHF as your trusted partner and unlock the full potential of your investment in African public health. Let's build a healthier future, together.
